Reference: **Revised APAR/RACR Extension Request – VCP 2122**  
City of Frisco  
Stewart Creek Waste Water Treatment Plant (SCWWTP)  
Off Eagan Way, Frisco, TX  
Apex Project No. 7020105C035

Dear Mr. Goldsmith:

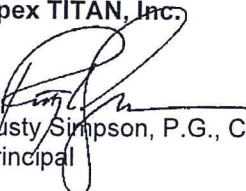

Apex TITAN, Inc. (Apex) appreciates the opportunity to submit this revised Affected Property Assessment Report (APAR) and revised Response Action Completion Report (RACR) extension request for the site located off Eagan Way, Frisco, Texas (the "Site").

Exide has prepared a revised APAR and a revised RACR for the Site based on City of Frisco's comments. The revised documents are in the process of final review by the City of Frisco and should be provided to Exide for finalization and submission to TCEQ by July 17, 2017.

A 90-day extension to the March 4, 2017 submission deadline of the revised APAR and revised RACR was previously requested in the Quarterly Status Report dated March 3, 2017. In order to allow time for Exide to consider the City's comments and finalize the revised APAR and revised RACR, the VCP applicants request a 45-day extension to the submission deadline, with a revised due date of July 17, 2017.

If you should have any questions or comments regarding this correspondence, please contact the undersigned at 469-365-1147.

Sincerely,  
**Apex TITAN, Inc.**

  
Rusty Simpson, P.G., C.P.G.  
Principal
