

FAÇADE PLAN CHECKLIST

PROVIDE COMPLETED CHECK LIST SIGNED BY PREPARER WITH FILING

* This checklist is not all-inclusive of all City ordinances and standards.

PRELIMINARY SITE PLAN SUBMISSION:

- Submit one (1) 24"x36" color copy of a Preliminary Façade Plan, no B&W copies.
- Submit a CD of pdfs of ALL plans for review.**

SITE PLAN SUBMISSION:

- Submit one (1) 24"x36" color copy and an 11"x17" material sample board. Once staff has approved the Façade Plan, additional copies will be requested, no B&W copies.

GENERAL

- Title block (located in the lower right-hand corner) containing the proposed subdivision name with block and lot number, City Project number (to be provided at the time of project submission), and preparation date
- Scale (appropriate for level of detail)
- Legend, if abbreviations or symbols are used
- Name, address and phone number of owner, applicant and architect
- Elevations of all four sides labeled North, East, South, and West with the front elevation designated as such
- Designate color and materials location on elevations. Provide manufacturer name for materials.
 - ___ Preston Road Overlay Requirements:
 - General requirements
 - US 380 Gateway Sub-district
 - Rural Corridor Sub-district
 - Main Street Sub-district
 - Retail Corridor Sub-district
 - S.H. 121 Gateway Sub-district
 - ___ Gas Pump Canopies
 - ___ Utility, Mechanical & Service Facilities
 - ___ Non-Residential Development
 - ___ Multifamily
- Show reduction of site plan as a key. Include the building outline with north arrow.
- Materials calculations table showing for each elevation
 - ___ Total surface area of each elevation
 - ___ List of materials (including glazing) with square footage of each material per elevation and percentage of each material per elevation (glazing shall be calculated from the total wall square footage, all other materials shall be calculated from the total wall square footage minus the glazing square footage)
- Building dimensions (length and width). Verify that the dimensions on the façade plan match the dimensions on the site plan.
- Building height starting at grade level. Label the grade elevation at 0 feet. (If multiple heights are used, provide dimension for each)
- Do not show any signs on the building. They are not reviewed as part of the façade plan.
- Dash in the location of roof mounted equipment. If the equipment extends above the parapet, provide cross

sections of sight lines to verify screening of mechanical units.

- The façade plan shall comply with Zoning Ordinance including Preston Road Overlay District, Tollway Overlay and OTC standards and any applicable Planned Development requirements.
- All nonresidential buildings shall comply with the following provisions:
 - Façade Composition - The facade shall incorporate three-part hierarchy of base, body, and cap to emphasize verticality and maintain balance, as shown in Figure 6.16.02.1: Architectural Composition;
 - Building Composition - The building shall utilize appropriate form and proportion through well-scaled volumes and articulation of those volumes (massing), as shown in Figure 6.16.02.1: Architectural Composition;
 - Rhythm - The facade shall be composed of a series of patterns to create an inherent rhythm;
 - Vertical Alignment - Setbacks, reveals, and projections in the vertical plane of the building facade shall be utilized to enhance the legibility of the facade composition;
 - Horizontal Alignment - The height of the vertical alignments shall be designed to maintain consistency along the streetscape; and
 - Four--Sided Architecture - All buildings shall be architecturally finished on all four sides with the same materials, detailing, and features unless meeting the regulations of Subsection 4.08.02 (c-d).
- Add the following notes:

FAÇADE PLAN NOTES

- This Façade Plan is for conceptual purposes only. All building plans require review and approval by Development Services
- All mechanical units shall be screened from public view as required by the Zoning Ordinance

FAÇADE PLAN CHECKLIST

PROVIDE COMPLETED CHECK LIST SIGNED BY PREPARER WITH FILING

* This checklist is not all-inclusive of all City ordinances and standards.

- When permitted, exposed utility boxes and conduits shall be painted to match the building
- All signage areas and locations are subject to approval by Development Services
- Roof access shall be provided internally, unless otherwise permitted by the Chief Building Official
- An onsite mockup of the building materials to be used on the structure shall be installed and reviewed by the Planning Division. Materials shall not be placed on the structure until a green tag is received by the Planning Division.
- An approved Façade Plan shall be posted onsite at all times.

FOR FAÇADE PLANS SUBMITTED WITH A SITE PLAN:

- Provide dumpster enclosure elevations. Label the height and masonry materials and colors. Minimum interior dimensions for a single enclosure are 13' x 15'. Minimum interior dimensions for a double enclosure are 15' x 23'.
- A physical material sample board with a **maximum size of 11"x17"** shall be provided. The sample board shall include color and material samples to correspond to the Façade Plan. See attached sample of material board format. (See layout example in the handbook.)
- Additional information as requested by staff to clarify the proposed development and compliance with minimum development requirements.

FAÇADE PLANTS ON CONSTRUCTION SITE:

- An onsite mockup of the building materials to be used on the structure shall be installed and reviewed by the Planning Division. Materials shall not be placed on the structure until a green tag is received by the Planning Division.
- An approved Façade Plan shall be posted onsite at all times.

See The City of Frisco [Zoning Ordinance](#) for reference.

By signing this document, I attest that this plan complies with the Zoning and all other applicable codes and ordinance of the City of Frisco.
