**NEW:** The City of Frisco's Public Health Awareness dashboard provides a graphical representation of data contained in the table. This digital tool also now serves as a gateway to dashboards provided by Collin and Denton Counties, which are our health authorities, as well as Texas Health & Human Services. *Please note, the dashboards may differ as not all data is city specific.*

**\*\*Notice:** As of 12:00 a.m. on June 1, 2020, Collin County has ceased posting new case information. The Department of State Health Services (DSHS) will perform all COVID-19 case investigation and contact tracing activities for Collin County's local health authority. Collin County will be able to access the state system to obtain data and reports for its jurisdiction, but details on the extent of the data and how reports will be distributed will be announced as soon as they are available. *The Collin County COVID-19 dashboard will remain static until they start getting reports and data from the State. The City of Frisco will not be able to provide any updated case information from Collin County until that time.*
