| <b>Confirmed Deaths (Frisco)</b> *also counted in overall cases | <b>0</b>  |

**NEW:** The City of Frisco's Public Health Awareness dashboard provides a graphical representation of data contained in the table. This digital tool also now serves as a gateway to dashboards provided by Collin and Denton Counties, which are our health authorities. County dashboards provide greater data about zip codes, hospitalization, travel, age and gender. This tool also allows you to quickly access state dashboards, including one from Texas Health & Human Services. *Please note, the dashboards may differ as not all data is city specific.*
