Hi, I'm your new Alight Health Pro™ consultant. I now have the pleasure of working on behalf of you and your employees and wanted you to get to know me a little better.

I'm originally from Dallas, TX, and graduated from University of Texas at Dallas with a degree in Healthcare Management. When I'm not helping my members with requests, I enjoy reading, dancing and watching movies.

I enjoy working for Alight because everything we do has meaning and we can simplify the world of healthcare for wonderful members like you!

I look forward to talking with you soon!
