**Selection of a Primary Care Provider** - your plan may require or allow the designation of a primary care provider. You have the right to designate any primary care provider who participates in the network and who is available to accept you or your family members. If your plan requires designation of a primary care provider, Cigna may designate one for you until you make this designation. For information on how to select a primary care provider, and for a list of the participating primary care providers, visit [www.mycigna.com](http://www.mycigna.com) or contact customer service at the phone number listed on the back of your ID card. For children, you may designate a pediatrician as the primary care provider.

**Direct Access to Obstetricians and Gynecologists** - You do not need prior authorization from the plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, visit [www.mycigna.com](http://www.mycigna.com) or contact customer service at the phone number listed on the back of your ID card.

**This plan contains a higher level of In-Network benefits for the Client-Specific Network (CSN), which is defined by the Client.**

## Definitions

**Coinsurance** - After you've reached your deductible, you and your plan share some of your medical costs. The portion of covered expenses you are responsible for is called Coinsurance.

**Copay** - A flat fee you pay for certain covered services such as doctor's visits or prescriptions.

**Deductible** - A flat dollar amount you must pay out of your own pocket before your plan begins to pay for covered services.

**Out-of-Pocket Maximum** - Specific limits for the total amount you will pay out of your own pocket before your plan coinsurance percentage no longer applies. Once you meet these maximums, your plan then pays 100 percent of the "Maximum Reimbursable Charges" or negotiated fees for covered services.

**Place of Service** - Your plan pays based on where you receive services. For example, for hospital stays, your coverage is paid at the inpatient level.

**Prescription Drug List** - The list of prescription brand and generic drugs covered by your pharmacy plan.

**Professional Services** - Services performed by Surgeons, Assistant Surgeons, Hospital Based Physicians, Radiologists, Pathologists and Anesthesiologists

**Transition of Care** - Provides in-network health coverage to new customers when the customer's doctor is not part of the Cigna network and there are approved clinical reasons why the customer should continue to see the same doctor.

## Exclusions

### What's Not Covered (not all-inclusive):

Your plan provides for most medically necessary services. The complete list of exclusions is provided in your Certificate or Summary Plan Description. To the extent there may be differences, the terms of the Certificate or Summary Plan Description control. Examples of things your plan does not cover, unless required by law or covered under the pharmacy benefit, include (but aren't limited to):

- Care for health conditions that are required by state or local law to be treated in a public facility.
- Care required by state or federal law to be supplied by a public school system or school district.
- Care for military service disabilities treatable through governmental services if you are legally entitled to such treatment and facilities are reasonably available.
- Treatment of an Injury or Sickness which is due to war, declared, or undeclared.
- Charges which you are not obligated to pay or for which you are not billed or for which you would not have been billed except that they were covered under this plan. For example, if Cigna determines that a provider or Pharmacy is or has waived, reduced, or forgiven any portion of its charges and/or any portion of Copayment, Deductible, and/or Coinsurance amount(s) you are required to pay for a Covered Expense (as shown on The Schedule) without Cigna's express consent, then Cigna in its sole discretion shall have the right to deny the payment of benefits in connection with the Covered Expense, or reduce the benefits in proportion to the amount of the Copayment, Deductible, and/or Coinsurance amounts waived, forgiven or reduced, regardless of whether the provider or Pharmacy represents that you remain responsible for any amounts that your plan does not cover. In the exercise of that discretion, Cigna shall have the right to require you to provide proof sufficient to Cigna that you have made your required cost share payment(s) prior to the payment of any benefits by Cigna. This exclusion includes, but is not limited to, charges of a non-Participating Provider who has agreed to charge you or charged you at an In-Network benefits level or some other benefits level not otherwise applicable to the services received.
- Charges arising out of or relating to any violation of a healthcare-related state or federal law or which themselves are a violation of a healthcare-related state or federal law.
- For or in connection with experimental, investigational or unproven services.
- Experimental, investigational and unproven services are medical, surgical, diagnostic, psychiatric, substance use disorder or other health care technologies, supplies, treatments, procedures, drug or Biologic therapies or devices that are determined by the utilization review Physician to be:
  - o not approved by the U.S. Food and Drug Administration (FDA) or other appropriate regulatory agency to be lawfully marketed;
  - o not demonstrated, through existing peer-reviewed, evidence-based, scientific literature to be safe and effective for treating or diagnosing the condition or Sickness for which its use is proposed;
  - o the subject of review or approval by an Institutional Review Board for the proposed use except as provided in the "Clinical Trials" sections of this plan; or
  - o the subject of an ongoing phase I, II or III clinical trial, except for routine patient care costs related to qualified clinical trials as provided in the "Clinical Trials" sections of this plan.

In determining whether any such technologies, supplies, treatments, drug or Biologic therapies or devices are experimental, investigational and/or unproven, the utilization review Physician may rely on the clinical coverage policies maintained by Cigna or the Review Organization. Clinical coverage policies may incorporate, without limitation and as applicable, criteria relating to U.S. Food and Drug Administration-approved labeling, the standard medical reference compendia and peer-reviewed, evidence-based scientific literature or guidelines.

- Cosmetic surgery and therapies. Cosmetic surgery or therapy is defined as surgery or therapy performed to improve or alter appearance or self-esteem.
- The following services are excluded from coverage regardless of clinical indications: macromastia or gynecomastia surgeries; abdominoplasty; panniculectomy; rhinoplasty; redundant skin surgery; removal of skin tags; acupuncture; craniosacral/cranial therapy; dance therapy, movement therapy; applied kinesiology; rolfing; prolotherapy; and extracorporeal shock wave lithotripsy (ESWL) for musculoskeletal and orthopedic conditions.
