***Drowning Prevention
through Supervision***

A graphic for a 'Water Watcher' lanyard. It features a light blue background with a life preserver icon on the left and a smiling sun wearing sunglasses on the right. The text 'I Am The WATER WATCHER' is prominently displayed in the center. Below this, a list of four responsibilities is provided. At the bottom, there is a red shield-shaped logo with the word 'FRISCO' inside, and 'FIRE DEPARTMENT' written in smaller text below it, all set against a background of water ripples.

**I Am The
WATER
WATCHER**

- I am responsible for watching the children to protect them from drowning.
- I will stay off my device and keep my eyes on the children.
- I will find another responsible adult to take over when I need to leave the area.
- I agree there is no substitute for drowning prevention than close adult supervision.
